

## **Mr Chirag Prabhakar Gangadhar**

*It is my pleasure to place on record the wonderful years I had under the auspices of Allied health sciences department at “D Y Patil University School of Medicine”. College life is an important phase in a student’s academic journey after the numerous formative years of schooling.*

*While undergoing graduation, I cherished the feeling of studying at an Institute, which focused on career enhancements along with overall skill development with the seamless mix of academics and extracurricular activities. The professors, staff and our course coordinator Mrs Sneha mam are so dedicated experts in their respective subjects and are talented, committed and genuinely caring.*

*I would always be grateful to D Y Patil University for giving me a multi dimensional learning by providing the apt mix of academics, Hospital visits, attitude and leadership.*

*D Y Patil University made me focused and experiences gained during the course of 3 years have contributed to my professional growth as in later years. DY Patil university has nurtures my aspirations and laid the foundations to realize those aspirations. The peer group at D Y Patil was intellectually stimulating, and with some, I have made friends for life.*
